

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method for preventing infection of a virus, comprising administering arginine and a high dose of vitamin C wherein:

the dose of vitamin C is at least 300 to 500 mg/kg/day; and

the dose of arginine is at least 3 g/day.

2-3. (Canceled)

4. (Original) The method for preventing infection of a virus according to claim 1, wherein the administration is carried out orally.

5. (Original) The method for preventing infection of a virus according to claim 1, wherein the virus is coronavirus inducing SARS.

6-8. (Canceled)
